

Press Release – 27/02/07

The latest from *ELOprofessional*, *ELOenterprise* and Bundles with Microsoft

Sydney February 27th **ELO Digital Office will once again be present at the Hannover CeBIT on Stand K89, in Hall 1, together with various ELO Business Partners. In Hannover, the company will be demonstrating the latest product news from *ELOprofessional*, *ELOenterprise* and various software bundles with Microsoft.**

The highlight is **Release 6.0** of the DMS/Archive software for large and middle-sized companies, *ELOprofessional*. The new version provides a new and improved user interface, a new archive server component and a number of new performance enhancing functions and module improvements.

ELO has also introduced further refinements to their ECM solution *ELOenterprise*, including a new **high availability solution in cluster and hot-standby operation**. Also new are module expansions in Java technology for the SAP environment and the integration in the SAP NetWeaver platform.

An additional highlight is provided by the **Integration of the Microsoft SharePoint Server in the ELO product world**. The SharePoint server provides the ELO ECM product, *ELOenterprise*, with efficient, high performance portal and groupware functionality in the Microsoft environment.

The new version of the **Office Power Packet** will also be demonstrated at CeBIT. The software bundle is now based on the full version of the 2007 version of the Microsoft Small Business Edition and the DMS/Archive basis solution *ELOoffice* 7.0.

ELO will also be taking to CeBIT the bundle of **ELO ECM and the Microsoft Exchange Server 2007**. Newly configured and for a highly attractive price, the bundle provides the new Microsoft Exchange Server 2007 with an integrated, fully automatic email archiving function. An additional Toolkit allows the easy migration of the old Exchange Server, including all existing data.

Various ELO Business Partners will also present special solutions based on the ELO product family. ACTIWARE, BCIS IT-Systeme, busitec, Durmus IT, Hewlett Packard, Holme Consulting & Solutions, id-netsolutions, Kriesten, MODUS Consult and noeske netsolutions will all be present. For the first time the ELO subsidiaries from west and east Europe as well as Asia, Pacific and **Australia** will be present on the ELO stand.

ELO Digital Office

ELO Digital Office develops and distributes high performance software solutions for document management, digital archiving and workflow management. ELO Digital has undergone high growth, so that it now ranks as one of the world's leading ECM/DMS software developers. The company actively cultivates numerous technology partnerships with software and hardware providers including Microsoft, Hewlett-Packard, Sun Microsystems, Kyocera, Kodak and many more. The ELO product range fulfils all DMS/ECM system requirements and provides an ideal platform for efficient knowledge and information management.

ELOoffice is the entry-level product for document management and archiving and is ideal for small offices or standalone workplaces.

ELOprofessional is a modular client-server based solution aimed at meeting the requirements of middle-sized companies. The final product in the range is *ELOenterprise*, which offers a high performance, platform independent, scalable high-end solution, particularly suitable for data centres and portal applications.

All of the products are compatible with one another and allow data transfer or updates to be carried out at any time.

Due to the scalability of ELO Digital products they are utilised by a wide range of companies, of varying sizes and within numerous different sectors. Well known customers such as Lufthansa, BMW, Airbus, EADS, Airbus, Alcatel, Commerzbank, Greek National Bank, Goodyear, Siemens or Daimler Chrysler as well as various national and regional authorities underline the level of quality and innovation found in ELO products.
